Dear Clay,

Tha package came in good shape yesterday but the trip to Johns Hopkins for two consultations, which has tired me for several years now, tired me more yesterday and I could only sit around once home.

We have a number of things we must do today and I want to finish the chapter I'm in before I forget what I intend but I'll respond to your 5/17 soon.

This is just to let you know that it came OK.

And to give you the duplicate of the review.

Wrone's address is 1518 Blackberry Lane, Stevens Point, WI 54481. His phone is 715/344-8148.

Fine fellow.

Thanks and best,

Harold
